"Since September 2009, Knapp Medical Center has distributed 872 infant and booster seats to indigent families (including 187 car seats during 2019). To be eligible for a car seat, the parent must receive training on proper car seat installation and how to correctly fit child harnesses. Knapp offers this training free-of-charge, as well as free childbirth education classes for expectant parents. To help promote breast cancer awareness and the importance that early detection plays in the fight against breast cancer, Knapp Medical Center held a free luncheon for local women, with a talk on breast cancer prevention by a local oncologist, in October 2019. During the months of June and July in 2019, Knapp Medical Center sponsored two Family Fun, Fitness & Film events at Weslaco City Park. During the events, local residents are encouraged to come out to the park and walk the track in an effort to improve their fitness and quality of life. More than 250 local residents participated in these events. The Knapp Volunteer Program assists students needing volunteer hours to gain volunteer experience in a healthcare setting and for older adults who enjoy volunteering and feel a sense of purpose in doing so. In addition, the Knapp Medical Center Volunteer Auxiliary provides a culturally-sensitive chart for dieticians to use in teaching diabetes and renal failure patients about portion control and meal planning. The chart uses visual cues to food choices rather than words. The charts provide a valuable educational resource, especially for the area's Hispanic population which is at greater risk for developing diabetes. "
