II. Community Benefits Projects/Activities:

Provide information on name, brief description (3 lines), target population or purpose (3 lines) for each of the community benefits projects/activities CURRENTLY being undertaken by your hospital (example: diabetes awareness).

1. HEALTH FAIRS- JACKSONVILLE CHAMBER EXPO - SC PURPOSE: To provide the opportunity for businesses to provide information to rural areas and the people who live there. Target audience is the community at large. DESCRIPTION: Information was handed out to individuals who came to the expo on businesses in their local community and area. It provided the opportunity for those attending to learn more about local services. CHRISTUS Health hosted a booth that provided health screenings and health education including blood pressure screenings and stroke education information. This also provided an opportunity for businesses to network with each other.

2. TOMATO FEST â SC PURPOSE: To provide a rural community with information on health services, wellness information, and to support the largest community event in Cherokee County. DESCRIPTION: The Jacksonville Chamber of Commerce hosted a community event which brought 20,000 people and 400 vendors in a 5-block area. CHRISTUS Health had a booth with information to the community on stroke awareness, services at the clinic, and provided a mini health fair with blood pressure checks. Associates and providers were on hand to answer questions from the pain clinic, health and fitness center, talent acquisition, primary care, and other departments.

3. COMMUNITY BENEFIT OPERATIONS- CMS Project/HEDI Workgroup - SC PURPOSE: Every entity must compile information and document programs, projects, educational and community events that meet a focus area, and handle payments for grants, in-kind requests, and securing support documents. DESCRIPTION: CHRISTUS Health has a team that works in collaboration with departments across the systems to meet the needs of the community as identified in the CHNA and to be implemented by the CHIP. They are responsible for ensuring the supporting documents are secured and reports are filed in a timely manner. This project was for CMS on heart disease and food insecurity.
