

Audiologists

2019

Audiologist Growth Trends

In 2019, there were 1,247 actively licensed audiologists in Texas.

- This number represented a 13.7% increase since 2014 and a 32.2% increase since 2009.
- Relative to population growth, the size of the audiologist workforce has improved by 11.2% over the past 10 years.
- Despite these improvements, Texas still has fewer audiologists than the national average

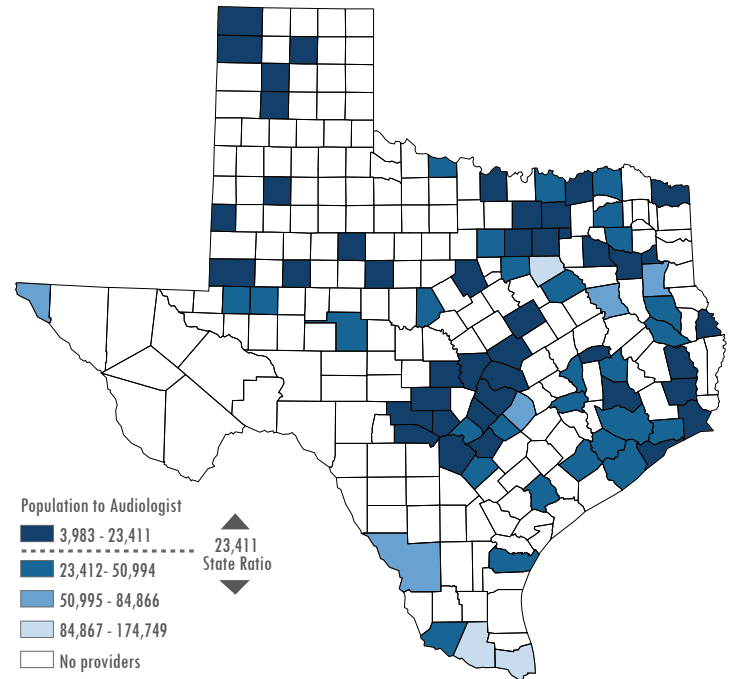

Age Distribution

Age Group	#AUD	%AUD
≤25	25	2.0
26-30	196	15.7
31-35	157	12.6
36-40	171	13.7
41-45	158	12.7
46-50	137	11.0
51-55	101	8.1
56-60	89	7.1
61-65	101	8.1
>65	112	9.0
Total	1,247	100.0

Within ten years, 24.2% of audiologists will be at or past retirement age.

- 31.8% of audiologists were between 41 and 55 years of age in 2019

Ratio of Texas Population to Audiologist by County

Geographic Designation	Ratio of Population to Audiologist
Metropolitan	21,849
Non-metropolitan	58,601
Border	85,351
Non-border	21,727
Texas	23,411

Audiologists were not evenly distributed throughout the state.

- There was a 91.4% difference between the number of audiologists in metropolitan and non-metropolitan areas even after controlling for population differences.
- Between border and non-border areas, the percent difference was 118.8%.
