

# TOGETHER HEALTHY TEXAS

1

Stay 6 feet apart from folks you don't live with. Wear a face covering in public.

2

Wash your hands often with soap and water for 20 seconds. Use hand sanitizer if soap and water aren't available. Don't touch your face.

3

If sick, get tested and then stay home.

5

Cover your coughs and sneezes with a tissue, then throw the tissue away.

4

Clean and disinfect often-touched surfaces and objects.

6

Remind friends and family of these steps and how we're all in this together!
