

Texas Tuberculosis (TB) Public Health Program Contacts

The Texas Department of State Health Services (DSHS) TB Unit supports thirty (30) local health departments (LHDs) and eight (8) DSHS public health regions (PHRs) to provide TB prevention and care services. LHDs without dedicated TB programs are serviced by a PHR.

[Report known or suspected TB disease and TB infection](#) to your LHD/PHR TB program contact. **To find your TB contact**, first identify the PHR (numbered areas) in which your county/city resides. Then, select the PHR link from Table 1 to take you to the PHR page. If your city/county falls under the jurisdiction of the PHR, contact the PHR TB program. If your county/city has a local TB program listed, contact the listed city/county LHD.

Table 1: Links of DSHS Public Health Region (PHR)
