# PRESCRIPTION DRUG PRICE DISCLOSURE

## YEAR TO YEAR TREND AND ANALYSIS FINAL ENFORCEMENT ACTIONS

Pursuant to 25 Texas Administrative Code 1.553(a)(1)(2)(3)

# Overview

The Prescription Drug Price Disclosure (PDPD) Program (formerly called Drug Cost Transparency Program) moved from HHSC to Texas Department of State Health Services (DSHS) on Sept. 1, 2021. Texas Health and Safety Code Chapter 441 requires pharmaceutical drug manufacturers to report their current wholesale acquisition cost (WAC) of U.S. Food and Drug Administration-approved drugs sold in or into Texas.

Pharmaceutical drug manufacturers also are required to separately report specific information related to WAC increases.

Disciplinary actions are taken by DSHS on violators of PDPD's governing law and rules. The severity of the disciplinary actions taken hinge on the magnitude of the significant public health concern associated with the violation, examples include but are not limited to the nature of the violation, the history of previous violations, efforts made to correct the violation, harm to the public, likelihood of a repeat violation, and other matters related to each case as justice may require. These actions are taken to protect and promote the health, safety and general well-being of the citizens of Texas.
