Pediatric Committee
2025 Committee Priority Outcomes

Priority Not Implemented
Priority Activities Recorded
Priority Completed and Monitored

Committee Priorities	Outcomes	Status
Develop a pediatric imaging guideline for transferring facilities following the ALARA principles	1. Research and develop a best practice guideline for imaging in pediatric patients following the ALARA principles for pediatric patients. 2. Provide education for transferring and receiving facilities regarding over-imaging of children and delay of transfer due to unnecessary imaging at the referring facility. 3. Utilize Regional PRISMs, Hospital PECCs, and RACs to disseminate guidelines and education.	
Develop a pediatric transfusion/massive transfusion guideline for transferring facilities	1. Research and develop a best practice guideline for pediatric transfusion/massive transfusion guideline. 2. Provide education for transferring facilities regarding the pediatric transfusion/massive transfusion guideline. 3. Utilize Regional PRISMs, Hospital PECCs, and RACs to disseminate guidelines and education.	

Pediatric Committee
2025 Committee Priority Outcomes

Priority Not Implemented
Priority Activities Recorded
Priority Completed and Monitored

Committee Priorities	Outcomes	Status
Develop a pediatric guideline for transferring facilities for pediatric pain assessment and appropriate pain management	1. Research and develop a best practice guideline for pediatric-specific pain assessment and pain management. 2. Provide education for transferring facilities regarding pediatric pain assessment and pain management. 3. Utilize Regional PRISMs, Hospital PECCs, and RACs to disseminate guidelines and education.	
Request and review data from the state registry and National Pediatric Readiness Improvement Project regarding vital signs and weight in kilograms obtained on pediatric patients.	1. Utilize Regional PRISMs, Hospital PECCs, and RACs to disseminate best practices regarding a complete set of vital signs and weight in kilograms for pediatric patients. 2. Increase compliance.	
Complete 2024 priority of developing a toolkit regarding pediatric magnet/button battery ingestion.	1. Complete toolkit 2. Present to GETAC for approval 3. Utilize Regional PRISMs, Hospital PECCs, and RACs to disseminate information.	

Pediatric Committee
2025 Committee Priority Outcomes

Priority Not Implemented
Priority Activities Recorded
Priority Completed and Monitored

Committee Priorities	Outcomes	Status
Complete the 2024 priority of developing a toolkit regarding Sudden Cardiac Arrests/Deaths in Pediatrics	1. Complete toolkit 2. Present to GETAC for approval 3. Utilize Regional PRISMs, Hospital PECCs, and RACs to disseminate information.	
Pediatric Simulations	1. Monitor utilization of 13 pediatric simulations by regional PRISM's. 2. Request data from state regarding trauma center compliance with bi-annual simulations after rule 157.126 is in effect.	

8.h.A. Approval: Pediatric Consideration for Consultation and Transfer document

Deferred to Q3 for additional revisions based on cross-committee feedback.

TEXAS
Health and Human Services | Texas Department of State Health Services

Action Item Request and Purpose

- Request approval of the GETAC council for the revised Consideration for Pediatric Consultation and Transfer Guideline
  - To be able to post the approved toolkit to the Pediatric Committee website

- Request approval of the GETAC council for the Pediatric Imaging Guideline
  - To be able to post the approved toolkit to the Pediatric Committee website

- Request approval of the GETAC council for the Magnet/Battery Ingestion Toolkit
  - To be able to post the approved toolkit to the Pediatric Committee website

- Request approval of the GETAC council for the Sudden Cardiac Arrest/Death Toolkit
  - To be able to post the approved toolkit to the Pediatric Committee website

Action Items and Requests

- Public resource for the Consideration for Pediatric Consultation and Transfer Guideline
  - Requesting approval at the August 2025 GETAC Council meeting
  - To be able to post the approved toolkit to the Pediatric Committee website

- Public resource for the Pediatric Imaging Guideline
  - Requesting approval at the August 2025 GETAC Council meeting
  - To be able to post the approved toolkit to the Pediatric Committee website

- Public resource for the Magnet/Battery Ingestion Toolkit
  - To be able to post the approved toolkit to the Pediatric Committee website

- Public resource for the Sudden Cardiac Arrest/Death Toolkit
  - Requesting approval at the August 2025 GETAC Council meeting
  - To be able to post the approved toolkit to the Pediatric Committee website
Texas Pediatric Readiness Improvement Project Update, Phase 1 Summary
GETAC June 2025

Texas Pediatric Readiness Improvement Project (TPRIP)

Project Arms:

- TPRIP Virtual Education Series - Season 2

- 13 Standardized Pediatric trauma simulation scenarios

- 14 Pediatric Readiness Improvement & Simulation Mentors

- Pediatric QI performance and dashboards to drive Pediatric QI efforts

Supported by:

GETAC

Texas EMS for Children

Texas ENA

Texas Trauma Coordinators Forum

TETAF

NPRQI

TX Pediatric Readiness Improvement Virtual Education Series - Season 2
Coming Soon

- 1-hour virtual sessions held 3rd Thursday every month @10am

- Pediatric-specific topics

- Highlight evidence-based practices and resources for adoption

- Emphasis on evaluating ED performance using NPRQI platform
