The Texas Immunization Registry (ImmTrac2), has been designated as the disaster-related reporting and tracking system for immunizations, antivirals, and other medications administered to individuals in preparation for, or in response to, a disaster or public health emergency. From the time the event is declared over, the Texas Immunization Registry will retain disaster-related information received from health care providers for a period of five (5) years. At the end of the five (5) year retention period, disaster-related information will be removed from the Texas Immunization Registry unless consent is granted to retain the information in the Texas Immunization Registry beyond the five (5) year retention period. For more information, see Texas Health and Safety Code Sec. 161.00705. https://statutes.capitol.texas.gov/Docs/HS/btm/HS.161.btm#161.00705.
