Overview:

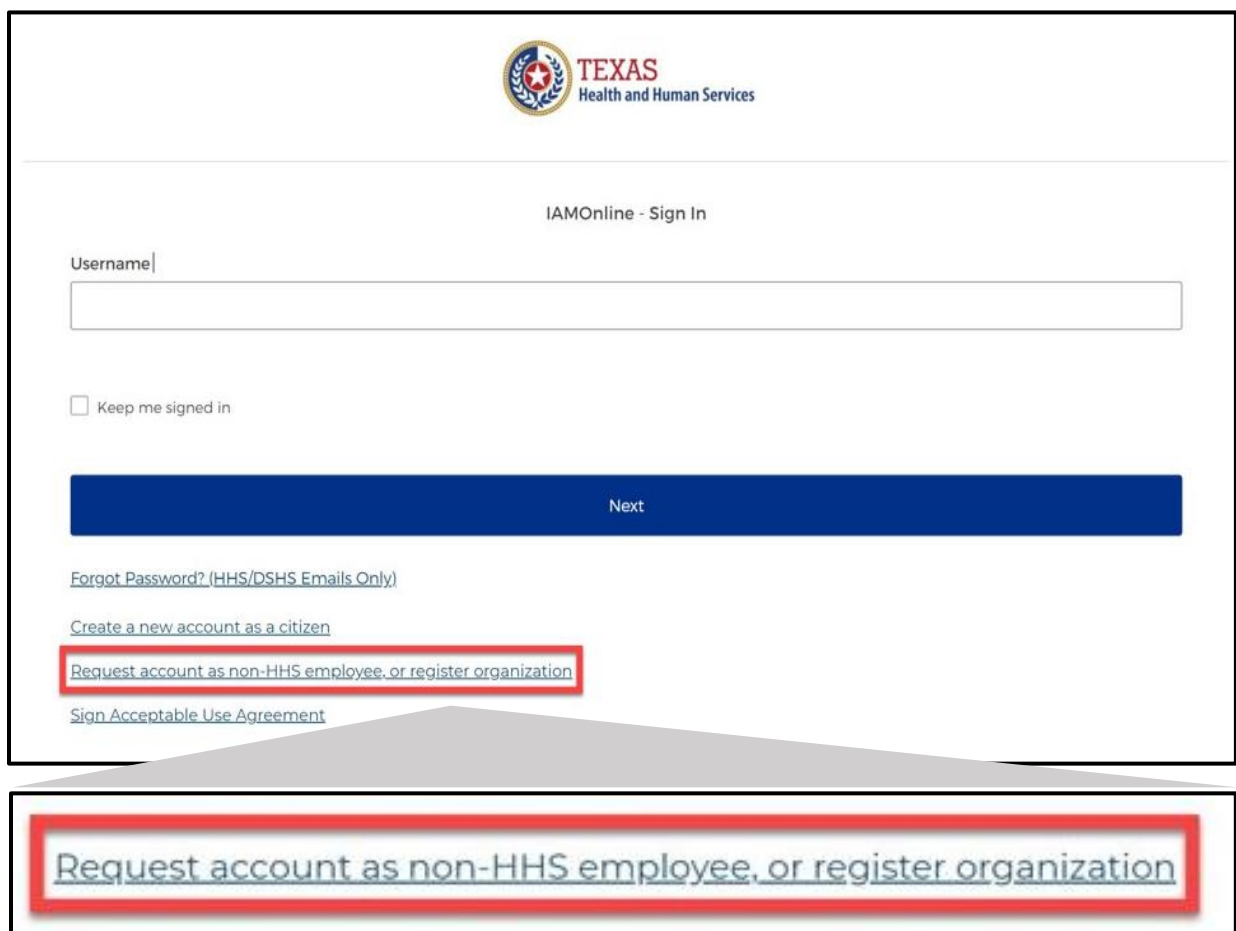

This job aid is for users who need an account to access the Texas Department of State Health Services (DSHS) Emergency Medical Services and Trauma Registries (EMSTR) application. It provides step-by-step instructions on how to request an account associated with your facility, activate your account, set-up security methods, access the MyApps dashboard, request EMSTR access, and access EMSTR.

If you are a facility organization administrator who needs to register your facility, please access the “How to Register a New Facility” [here](#).

Step 1: Request an Account

Before you request an account, you will need either the **name of your organization**, exactly how it is spelled out in the new DSHS Identity and Access Management Online (IAMOnline) system, or your **Employee Identification Number (EIN)**. If you do not have this information, please reach out to your facility administrator. All users working with Texas Health and Human Services (HHS) programs will need to request an account.

- To request a new EMSTR account associated with your facility, access the [IAMOnline sign-in page](#).
- Select **“Request account as non-HHS employee or register organization”**.

The screenshot shows the IAMOnline Sign In page for Texas Health and Human Services. At the top is the Texas Health and Human Services logo. Below it is the heading "IAMOnline - Sign In". There is a "Username" label and a text input field. Below the input field is a checkbox labeled "Keep me signed in". A large blue "Next" button is centered below the checkbox. Below the button are four links: "Forgot Password? (HHS/DSHS Emails Only)", "Create a new account as a citizen", "Request account as non-HHS employee or register organization" (highlighted with a red box), and "Sign Acceptable Use Agreement". A callout box below the main screenshot shows the text "Request account as non-HHS employee or register organization" in a red-bordered box.

- After selecting **Request account as non-HHS employee or register organization**, click the **“I want to request a new account as a non-HHS employee”** option.
- Select the **“Continue”** button.

Request A New Account

Please make a selection that applies to you: *

☐ I want to register my facility with EMSTR.

☒ I want to request a new account as a non-HHS employee.

☐ I want to register my organization with HHS.

☐ I want to sign Acceptable Use Agreement(AUA).

☐ I want to request a new account as a TERM user to request only EFT access.

☐ I want to request a new account for DFPS.

[Back to Sign In](#)[Continue](#)

- Confirm you work for a non-HHS government agency or Partner organization by selecting the **“Yes”** on the Preregistration section.
- Enter your Employer Identification Number (EIN) or Organization Name in the **EIN or Organization Name** field.
- Select the **“Continue”** button after completing the Preregistration section.

Preregistration

Do you work for a Non-HHS Government Agency or Partner Organization?*

☒ Yes

☐ No

Not sure what type of account to request? If you are a HHS employee, contractor, temporary worker, volunteer, or intern you can sign in with your HHS Employee ID and Password. If you are unsure of which account applies to you, please contact the Help Desk at 512-438-4720 or contact your Supervisor.

Employer Identification Number (EIN) or Organization Name *

In order for you to request a new account, your employer or organization must already be registered with HHS. If your employer or organization is not registered with HHS yet, please navigate to the "Request a New Account"page and select "I want to register my organization with HHS"

[Back](#)[Continue](#)

Complete the Partner User Registration Form

Complete the Partner User Registration form's required fields indicated by red asterisks (*). The required fields are listed below:

- **First Name;**
- **Last Name;**
- **EmployeeID** – Enter your unique employee identification number from your facility;
- **Work Email** – Enter your employee email address for your facility; and
- **Phone Number.**

Auto-generated fields:

- **User Type** – The type of user you are categorized in the IAMOnline system.
- **Organization Name** – The name of your facility.

After completing the required fields, select the “**Continue**” button.

Example of the **Partner User Registration Form**:

Continue

Your request has been submitted. You will receive an email notification containing your registration information.
Note: If you are unable to submit a registration request, please contact the Help Desk at 512-438-4720 or contact your Supervisor.

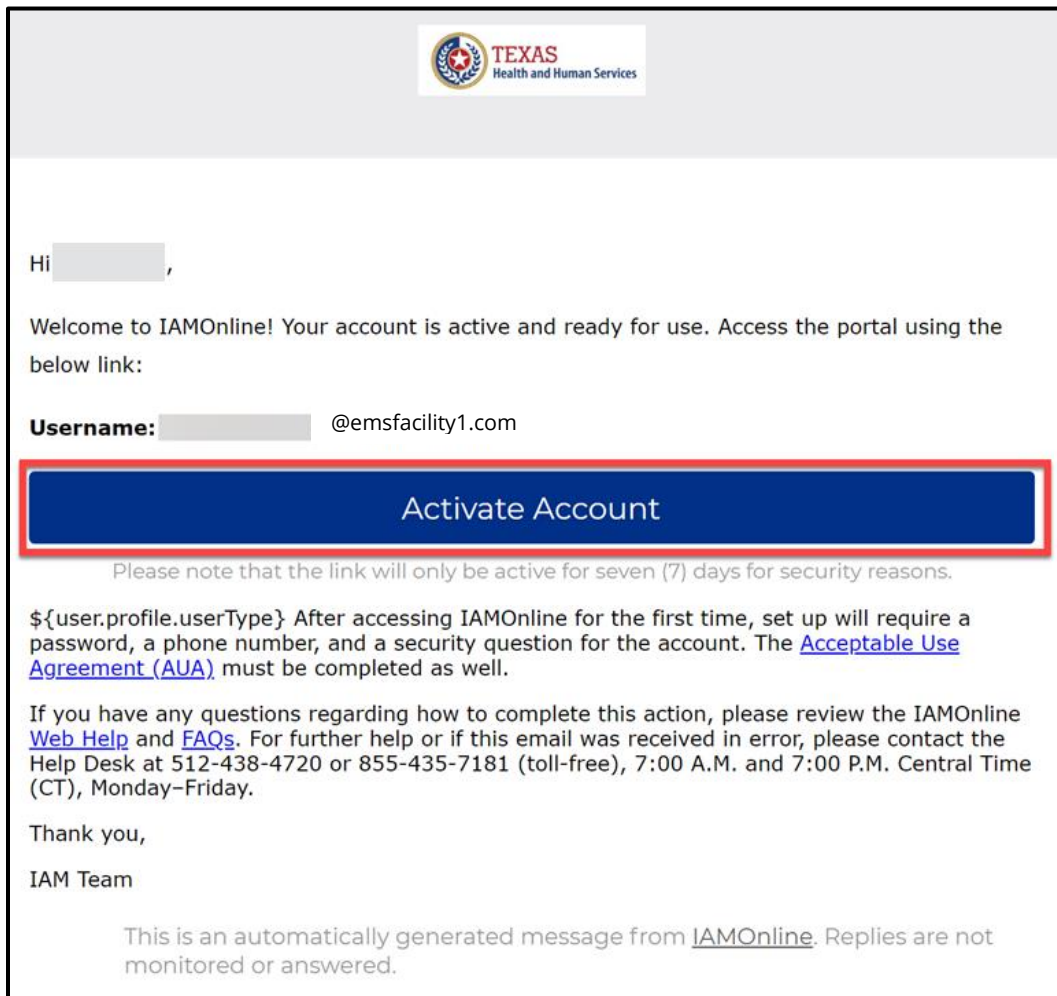

Login

- After submitting the **Organization Registration Form**, your facility organization administrator will review your request.
- If your facility organization administrator approves the request, you will receive an activation email.
- If your facility organization administrator denies your request, please contact them directly for next steps.
- Re-submit the request if needed.

Step 2: Activate your Account

To activate your account, find the noreply@okta.com email in your employee email inbox. Check your junk folder if you do not find it in your inbox. Click the “**Activate Account**” button.

Note – This link will only be active for **seven (7) days** from receipt of the email for security purposes.

Step 3: Set up security methods

After selecting **Activate Account**, the system will immediately prompt you to set up your security methods to protect your account with a **Password**, your **Phone**, and a **Security Question**. This is known as multifactor authentication (MFA).

Set up security methods

[Sign Acceptable Use Agreement](#)

Password

You need a password to access the account as the new DSHS IAMOnline system provides a single sign-on to all HHS applications.

To set up a **Password**, click the “**Set up**” button.

You must create a password that meets all HHS requirements listed below:

- At least eight (8) characters in length;
- A lowercase letter;
- An uppercase letter;
- A number;
- A symbol;
- Does not include any parts of the user's username;
- Does not include the user's first name;
- Does not include the user's last name;
- The password cannot be any of the user's previous six (6) passwords; and
- At least one (1) day must have passed since you last changed your password.

Example of the **Set up password** screen:

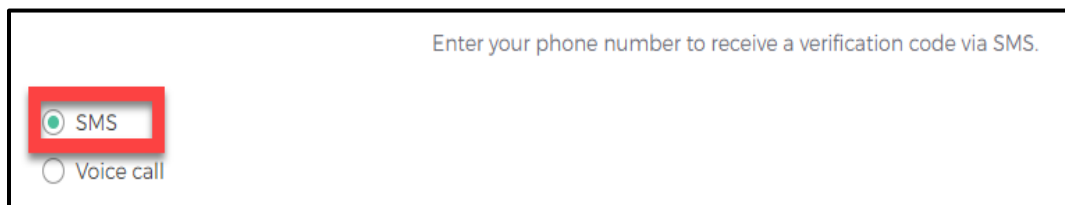

The screenshot shows a web interface for setting a password. At the top, there is a circular icon with a lock and four asterisks. Below it, the text 'Set up password' and '@emsfacility1.com' is displayed. A section titled 'Password requirements:' lists several rules: at least 8 characters, a lowercase letter, an uppercase letter, a number, a symbol, no parts of the username, no first or last names, and no reuse of the last 24 passwords. Below the requirements are two text input fields: 'Enter password' and 'Re-enter password'. Each field has a red border and a password reveal icon on the right. At the bottom, there is a blue bar with a 'Next' button highlighted by a red border.

- Create a new password by typing it in the **“Enter password”** text box and re-entering it in the **“Re-enter password”** text box.
- Click the **“Next”** button.
 - **Tip** – Click the password reveal icon to see the typed text. 🙁
 - **Tip** – If an error message appears, re-read the password requirements and create a different password.

Phone Number

To set up your phone number, select the “**SMS**” (short messaging service or text message) or “**Voice call**” option. The **SMS** option will send a text message to your phone and the **Voice call** option will send an automated call. The phone number must be a valid U.S. number.

Example of SMS option selected.

A screenshot of a form titled "Enter your phone number to receive a verification code via SMS." It contains two radio button options: "SMS" (selected, indicated by a green dot and a red rectangular highlight) and "Voice call".

Enter your phone number to receive a verification code via SMS.

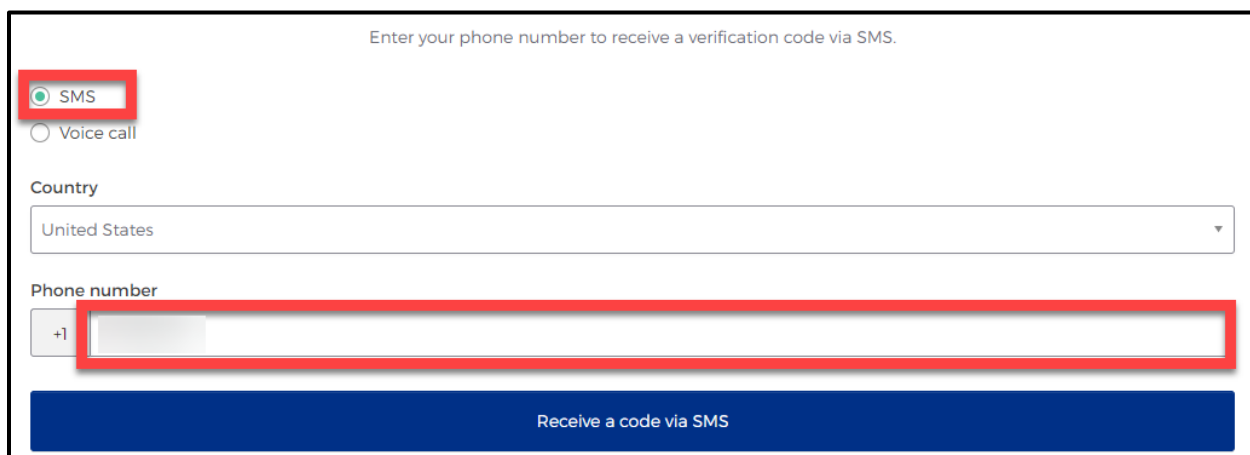

☒ SMS

☐ Voice call

Short Messaging Service (SMS)

Use your phone number to verify the account. The automated system will send a verification code to your phone number via **SMS**.

- The **Country** code must be for the **United States (+1)**.
- Type your ten-digit **Phone number** in the text box. This phone number must be able to receive an SMS. *Carrier messaging charges may apply.*
- Click the “**Receive a code via SMS**” button.

A screenshot of a form titled "Enter your phone number to receive a verification code via SMS." It includes radio buttons for "SMS" (selected, highlighted with a red box) and "Voice call". Below is a "Country" dropdown menu set to "United States". Under "Phone number", there is a text box with a "+1" country code button and a red rectangular highlight around the input area. At the bottom is a blue button labeled "Receive a code via SMS".

Enter your phone number to receive a verification code via SMS.

☒ SMS

☐ Voice call

Country

Receive a code via SMS

The system will send an automated code to the listed phone number via SMS.

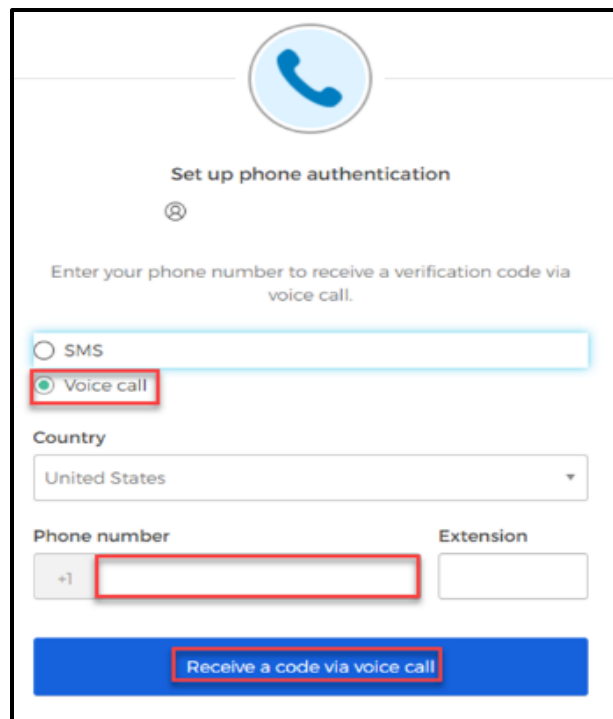

The screenshot shows a mobile app interface for setting up phone authentication. At the top is a blue telephone icon. Below it, the text 'Set up phone authentication' is centered. Underneath, there's a small icon of a person and the email address '@dshs.ti @emsfacility1.com'. A message states: 'A code was sent to your phone. Enter the code below to verify. Carrier messaging charges may apply'. Below this is a text input field labeled 'Enter Code' with a red border. At the bottom is a blue bar with a 'Verify' button, also highlighted with a red border.

Type the code you receive in the text box and click the **“Verify”** button.

Voice Call

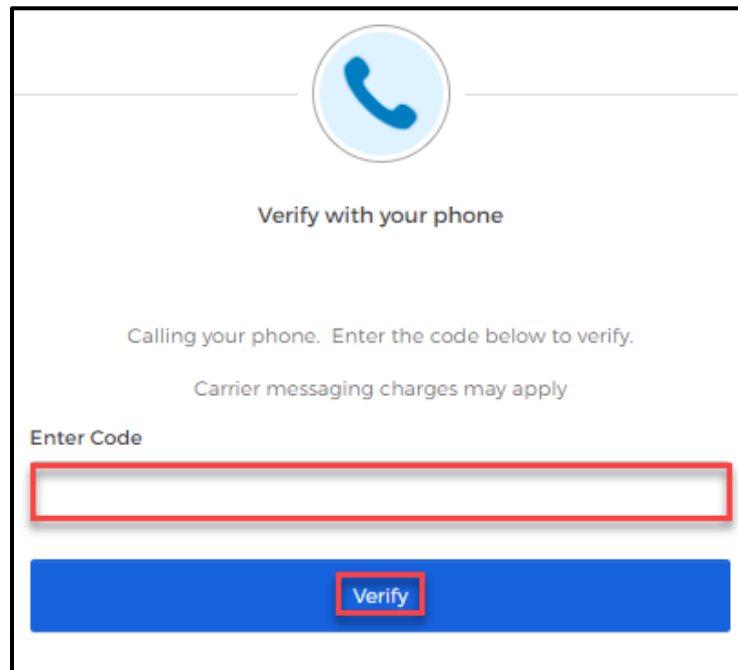

The second option to verify the account is a voice call. The system can provide an automated **verification code** via **Voice call**.

- The **Country** must be for the **United States (+1)**.
- Type your ten-digit **Phone number** in the text box to receive a code by voice call.
- Click the **“Receive a code via voice call”** button.

The screenshot shows the same 'Set up phone authentication' screen. The 'Voice call' option is selected with a radio button. Below the radio buttons is a 'Country' dropdown menu set to 'United States'. Underneath is a 'Phone number' field with a red border, preceded by a '+1' icon. To the right of the phone number field is an 'Extension' field. At the bottom is a blue bar with a 'Receive a code via voice call' button, also highlighted with a red border.

- Type the code provided by the voice call in the **Enter Code** text box and click the **“Verify”** button.

Verify with your phone

Calling your phone. Enter the code below to verify.

Step 4: Access the MyApps Dashboard

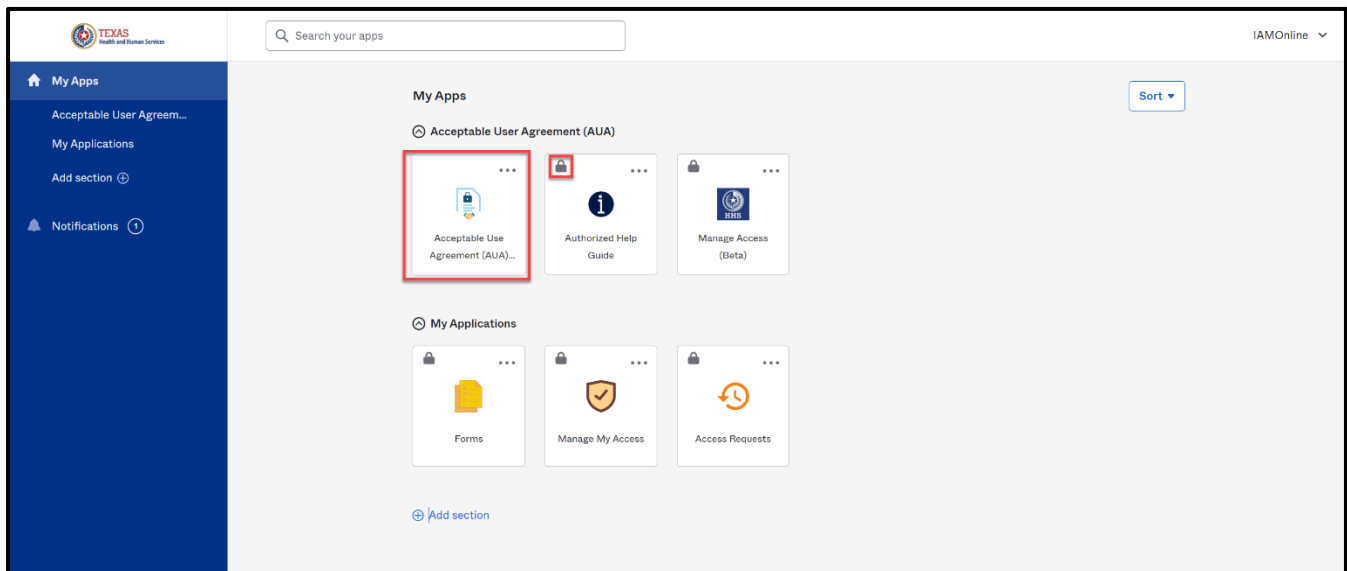

Your account set up is now complete and you can access your **My Apps** dashboard.

- This centralized dashboard holds applications, systems, and software in one place for the user to easily access and use.
- IAMOnline will also allow you to request and easily manage EMSTR access.

Acceptable Use Agreement (AUA)

All application access tiles are locked with a lock icon until you complete the Acceptable Use Agreement form (AUA). To review and sign the AUA form, click the **“Acceptable Use Agreement”** tile located on the dashboard.

Review and Sign the AUA Form

The **AUA** tile on the **My Apps** dashboard will take you directly to the AUA form for review and completion.

- You must sign this form once a year, every year.
- The automated HHS system will send email reminders in the following frequency to remind you to complete the form:
 - A first warning is provided fifteen (15) days before AUA form expires;
 - A second warning is provided ten (10) days before AUA form expires;
 - A third warning is provided five (5) days before AUA form expires;
 - A fourth warning is provided each day until the AUA form has reached the expiration date; and
 - A fifth and final warning is provided on the expiration date, 365 days following its last review and signature.
- If you forget to sign the form, all application access will be locked until the form is reviewed and signed.
- Once the form is signed, the system will unlock and renew your application access.

The screenshot shows a web browser window with a back button and the word "Form" in the address bar. The main content area is titled "Health and Human Services Acceptable Use Agreement (AUA)". Below the title, it says "Information Security Acceptable Use Policy - Please read the following agreement carefully and completely before signing." and "Version: 2.0". The form is divided into three sections: "1. Purpose", "2. Scope", and "3. Audience". Each section contains a paragraph of text explaining the policy's intent and application.

Form

Health and Human Services Acceptable Use Agreement (AUA)

Information Security Acceptable Use Policy - Please read the following agreement carefully and completely before signing.
Version: 2.0

1. Purpose

This policy establishes requirements for using and protecting HHS information resources. Information resources include HHS data, information systems, and equipment. This policy also ensures that you are informed of and agree to your responsibilities concerning the use and protection of HHS information resources. This policy supports requirements in the HHS Information Security Policy, Circular-021: HHS Information Security/Cybersecurity Policy, Texas Administrative Code, Chapter 202, and all other relevant HHS, state, and federal policies and regulations.

2. Scope

This policy applies to all HHS desktop computers, laptops, servers, software, data, mobile devices, and any other HHS information resources that are connected to the HHS network or that process HHS data. The scope of this policy includes equipment not owned by HHS, if it is used to access HHS data or information systems to perform HHS business.

3. Audience

This policy applies to you, if you are authorized to access HHS information resources; that is, if: You are an HHS workforce member, defined for the purposes of this policy as an HHS employee, intern, trainee, or volunteer. You are a staff augmentation contractor. You or your employer or contracting entity are contracted to provide services to HHS or are an external entity that has an agreement with HHS to access HHS information resources. This policy applies when you work in a state office or in another location, such as your home. This policy excludes members of the public who use an HHS information resource to receive services from HHS.

AUA Form Acknowledgement

After you carefully read the AUA form, you must acknowledge and sign the agreement.

- Check the box located next to the statement, **“I acknowledge that I read and understood the agreement, and I agree to comply with its terms.”**
- Input your **“First Name”** and **“Last Name”** into the respective text boxes located at the bottom of the agreement.
- Select and identify your role as **“An employee of another agency (specify agency, department and division)”**
- Once you carefully read the AUA form and complete all required entry fields, click the **“Submit”** button.

Acknowledgement

I have read, understand, and will comply with the requirements in the Information Security Acceptable Use Policy.

First Name

First Name *

Last Name

Last Name *

Your Work Email *

Your Work Phone

I am (choose one and explain below): *

☐ An employee of HHSC (specify department and division)

☐ An employee of DSHS (specify department and division)

☐ An employee of another agency (specify agency, department, and division)

☐ A contractor (specify employer or non-state agency name)

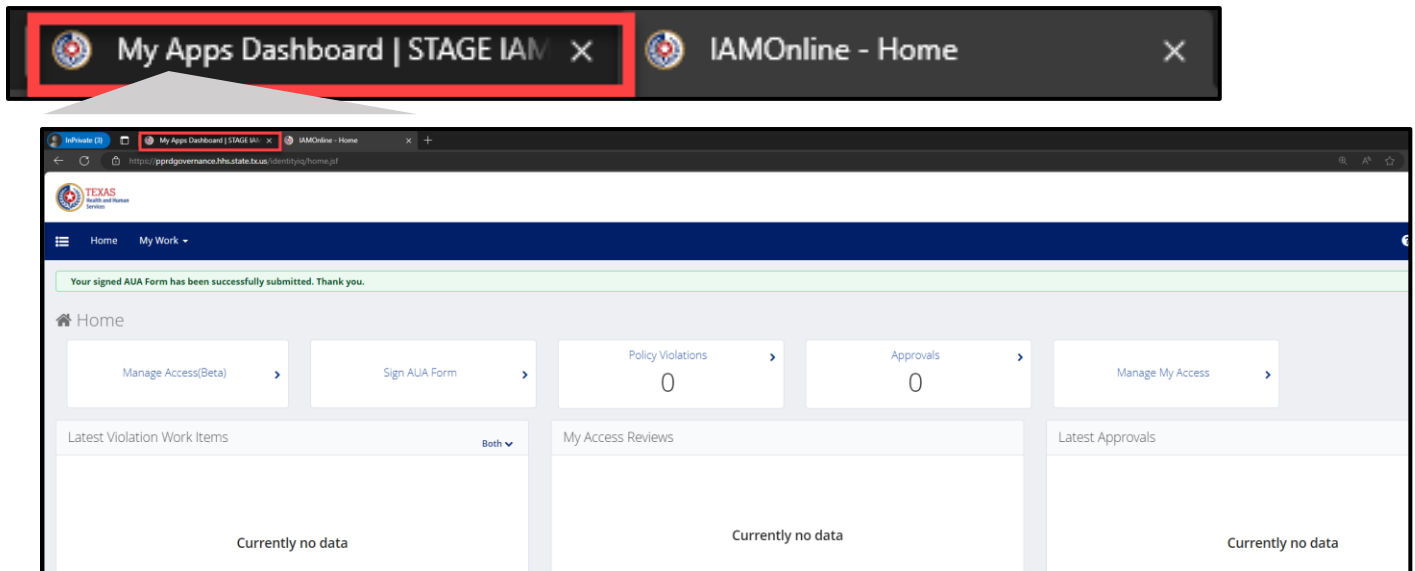

☐ An intern or volunteer (specify agency, department, and division)

☐ Other (specify below if you are an advisory council member or an employee of a private provider)

Date Agreement Signed *

Submit

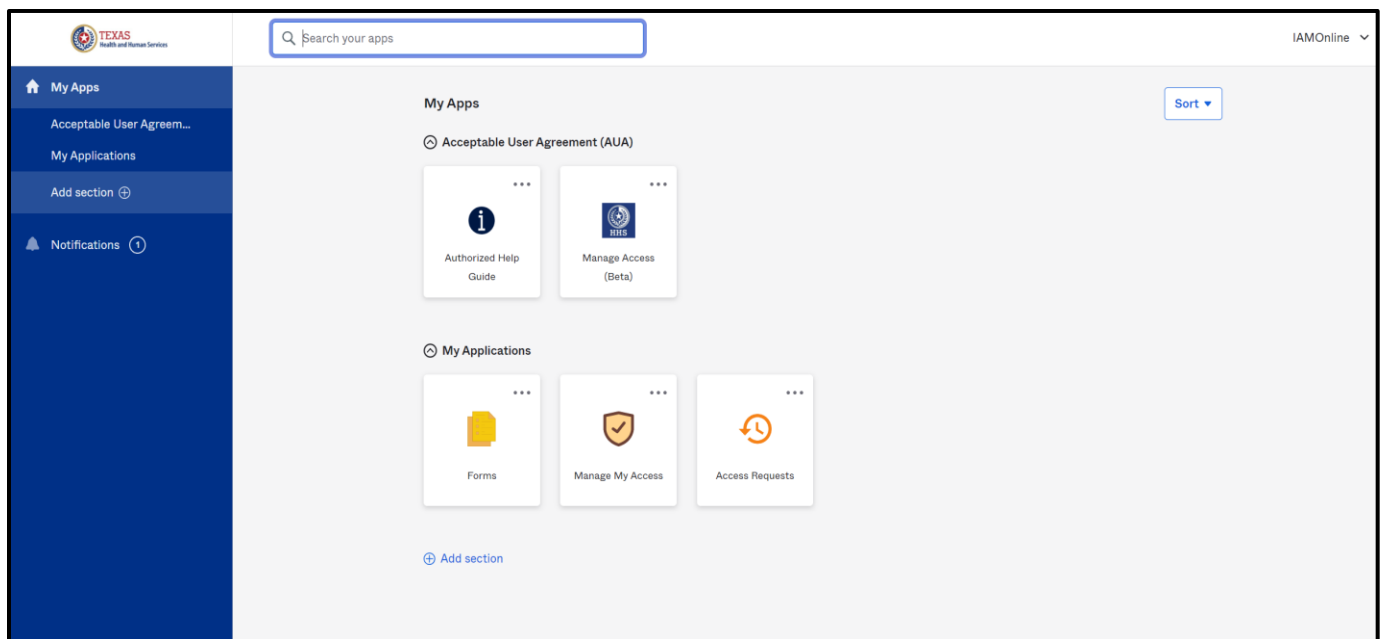

After submitting your AUA form, toggle back to your **MyApps** dashboard webpage.

Refresh your browser, by clicking the refresh button.

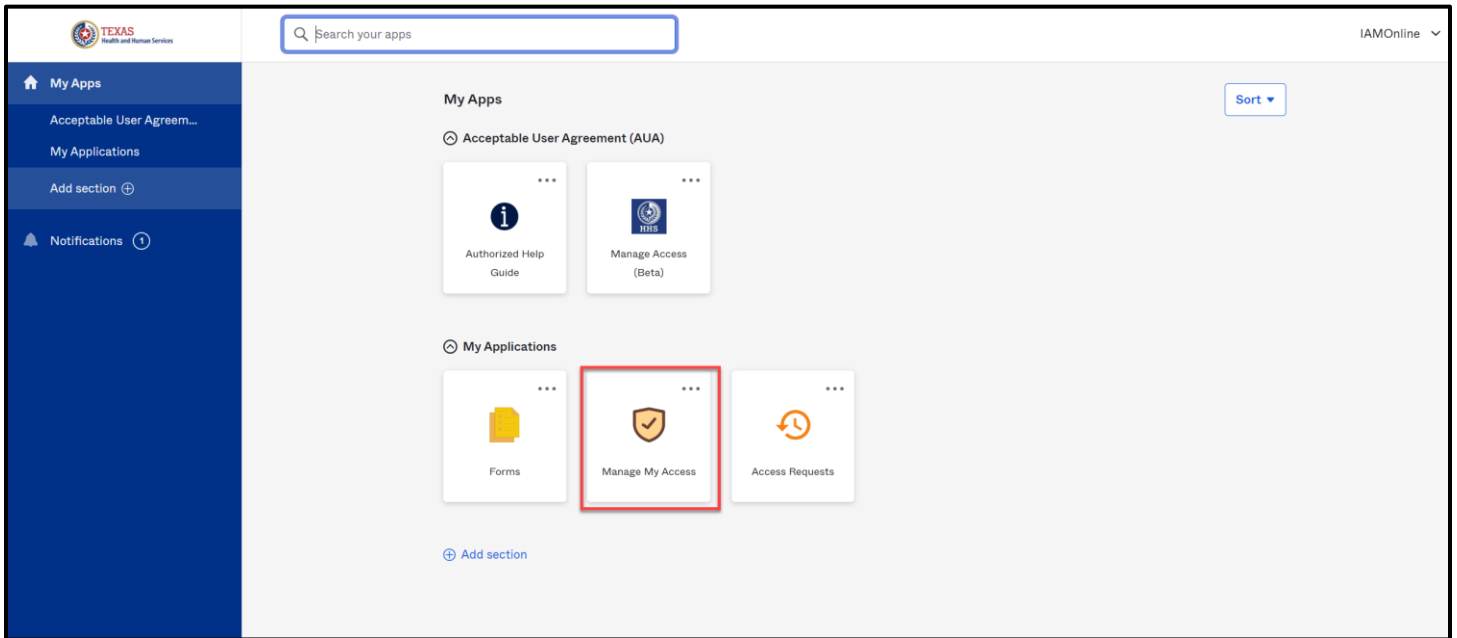

After refreshing your browser, your IAMOnline **MyApps** dashboard tiles will unlock.

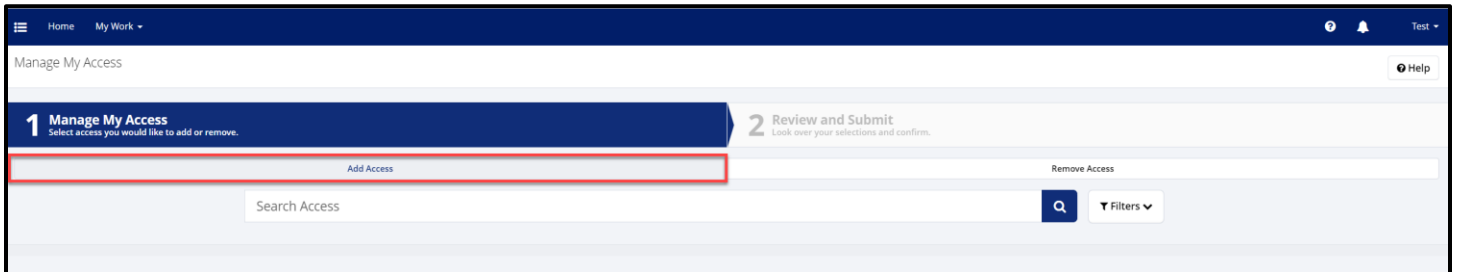

Step 5: Request Access to the EMSTR tile

To request access to EMSTR, select the **“Manage My Access”** tile.

- Click the **“Add Access”** tab to add application access.
- The tab will turn a light grey when selected.

Search for EMSTR

Type **“EMSTR”** in the **Search by Keywords** box

Select the **Magnifying Glass Icon** button to search for the application.

Important Note on Role-Based Access

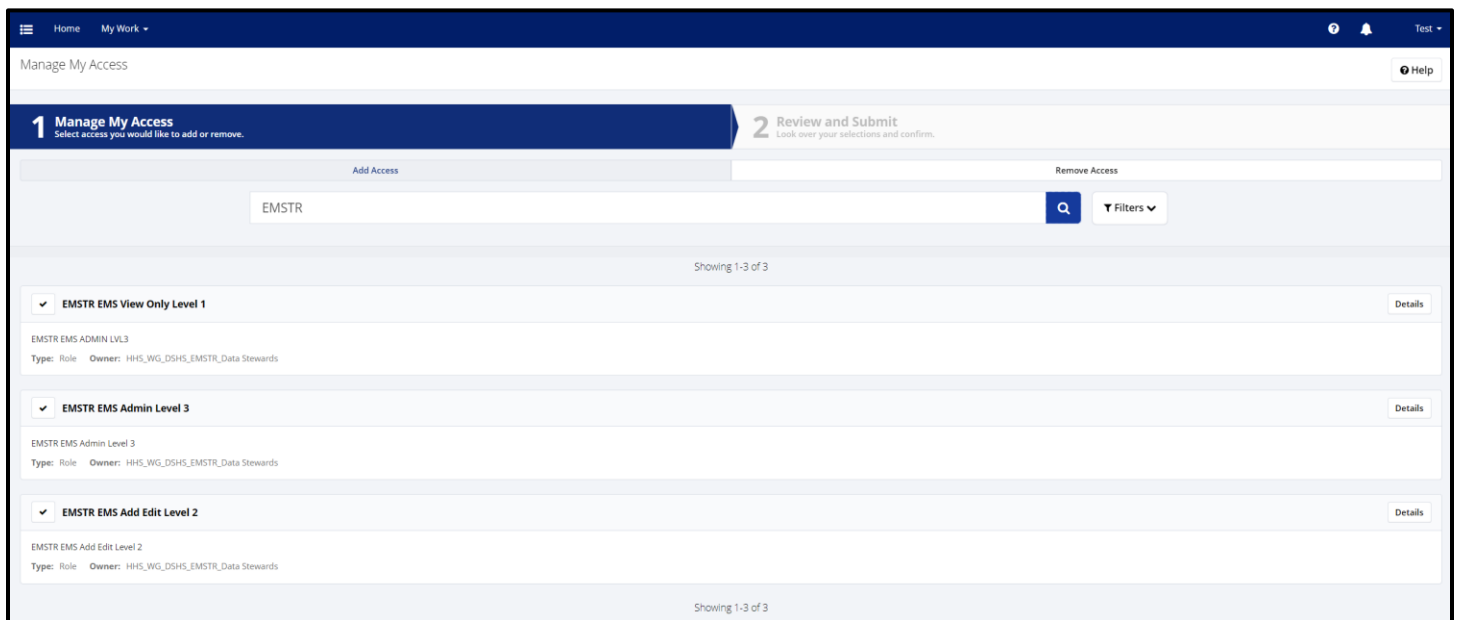

Application access is grouped by role, so you must select the correct EMSTR role access that fits your access needs.

EMSTR has three (3) role types:

- EMSTR View Only Level 1;
- EMSTR Add/Edit Level 2; and
- EMSTR Admin Level 3.

Once you type “**EMSTR**” into the **Search Access** textbox, three types of results will appear: **EMSTR View Only Level 1**, **EMSTR Add/Edit Level 2** and **EMSTR Admin Level 3**.

- *Example– End-users* who need limited application access should only request **EMSTR View Only Level 1** access.
- *Example–Facility users* that submit data for their facility but are not facility administrators should select the **EMSTR Add/Edit Level 2** access.
- *Example– Organization Administrators* requesting application access should select the **EMSTR Admin Level 3** access.

Select the Correct User Role

Once you select the magnifying glass icon button:

- Click the check mark icon to select the EMSTR role type you are requesting.

- The check mark icon will turn green once selected.

- Once you select the appropriate EMSTR role level, select the “Next” button.

EMS facility providers view example.:

 A screenshot of a web application interface for managing access. The interface is divided into two main sections: "1 Manage My Access" and "2 Review and Submit". The "Manage My Access" section has a search bar with "EMSTR" entered and a list of three roles. The third role, "EMSTR EMS Add Edit Level 2", is highlighted with a red border. Below the list is a "Next" button, also highlighted with a red border. The "Review and Submit" section is partially visible on the right.

1 Manage My Access		2 Review and Submit

Enlarged picture of the role types:

 An enlarged view of the role selection list from the previous screenshot. It shows three roles, each with a checked checkbox, a role name, a description, and a "Details" button.

<input checked="" type="checkbox"/>	EMSTR EMS View Only Level 1	Details
EMSTR EMS ADMIN LVL3 Type: Role Owner: HHS_WG_DSHS_EMSTR_Data Stewards		
<input checked="" type="checkbox"/>	EMSTR EMS Admin Level 3	Details
EMSTR EMS Admin Level 3 Type: Role Owner: HHS_WG_DSHS_EMSTR_Data Stewards		
<input checked="" type="checkbox"/>	EMSTR EMS Add Edit Level 2	Details
EMSTR EMS Add Edit Level 2 Type: Role Owner: HHS_WG_DSHS_EMSTR_Data Stewards		

Review and Submit the Request

Once you select the application role type you are requesting, the HHS system will direct you to the **Review and Submit** page.

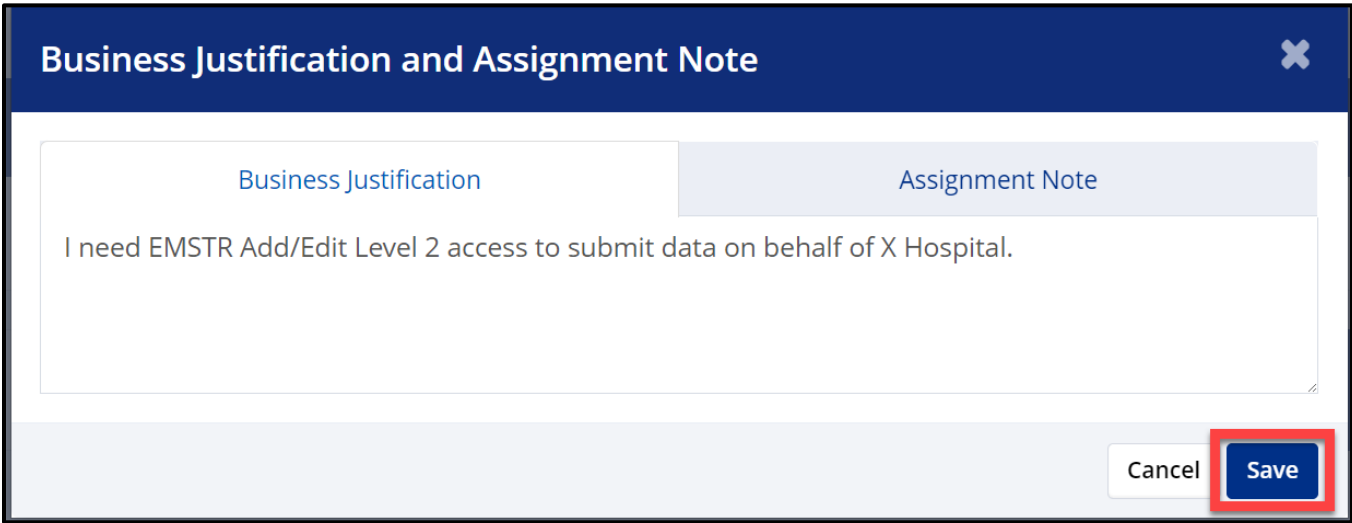

- For a business justification, you are required to leave a comment.
- To leave a comment, select the comment bubble.

- Leave a comment to explain why you are requesting EMSTR access.
- Click the **“Save”** button.

An example comment is shown below.

Once you save your comment, the comment bubble icon will change from white with a red outline to green.

The screenshot shows the 'Manage My Access' interface. At the top, there are two tabs: '1 Manage My Access' (Select access you would like to add or remove.) and '2 Review and Submit' (Look over your selections and confirm.). The '2 Review and Submit' tab is active. Below the tabs, it says 'Add Access 1 items selected'. There is a list item 'EMSTR EMS Add Edit Level 2' with a close button (x) on the left and a green comment bubble icon with a 'Details' label on the right. A red arrow points to this green icon. Below the list item, there is a section with 'EMSTR EMS Add Edit Level 2' and 'Type: Role Owner: HHS_WG_DSHS_EMSTR_Data Stewards'. At the bottom, there are three buttons: 'Previous', 'Cancel', and 'Submit'.

After reviewing your request, select the **“Submit”** button.

This screenshot is identical to the one above, showing the 'Manage My Access' interface in the '2 Review and Submit' step. The 'Submit' button at the bottom is now highlighted with a red rectangular box, indicating the next action to take.

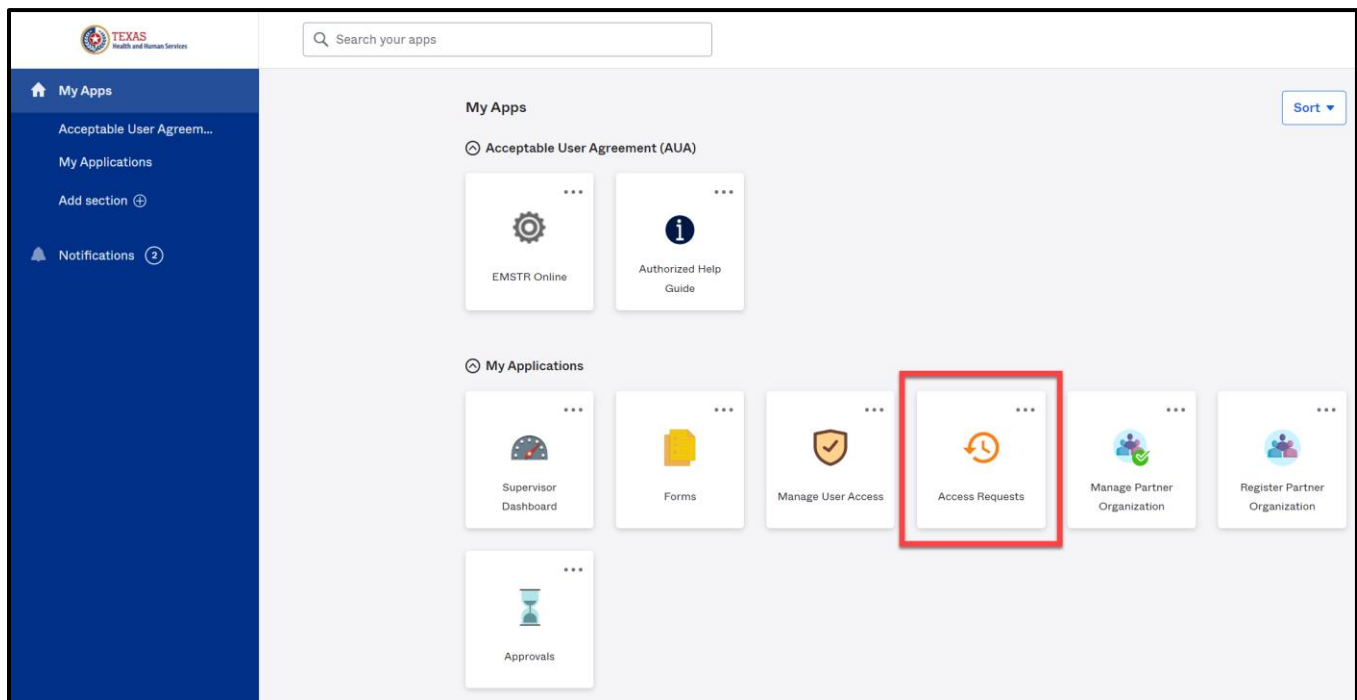

Request Overview

Once you submit your EMSTR application access request, your request will go through an approval process. If you are requesting **EMSTR Add Edit Level 2** access, your organization administration will review and then the DSHS Injury Prevention Unit EMSTR team will review and approve. If you are designated as your organization's administrator or requesting **EMSTR Admin Level 3** access, your request will be sent directly to the Injury Prevention Unit EMSTR team to approve.

Track your Request

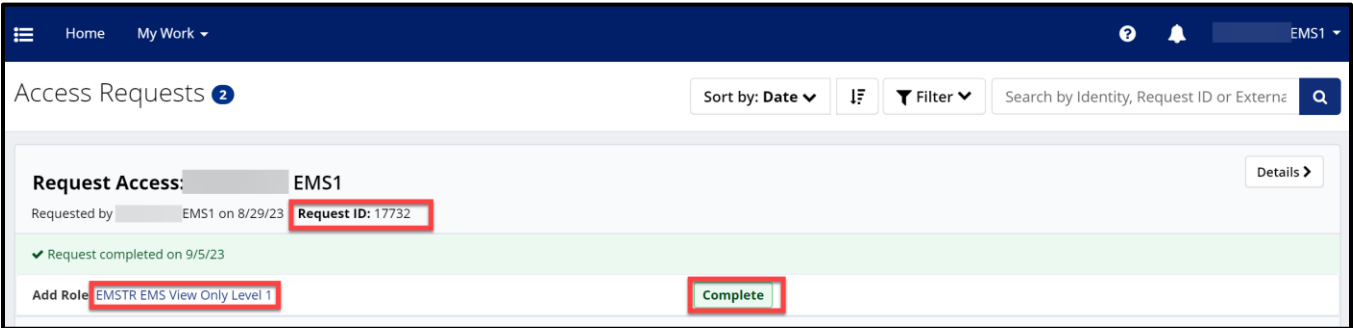

After you submit your request, you can track the status of your access request. The HHS system will send notification emails to EMSTR approvers to approve the request as it moves through the approval process.

- Navigate to the **MyApps** dashboard within IAMOnline.
- Select the “**Access Requests**” tile.

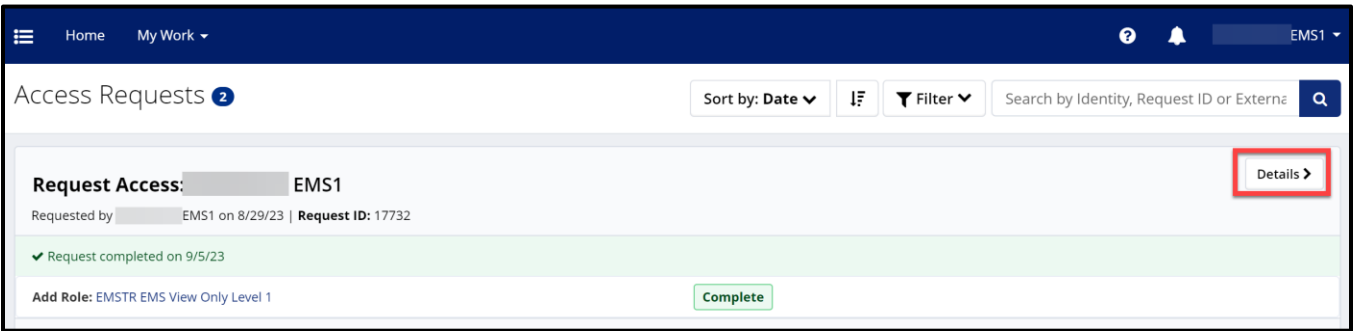

Access Requests

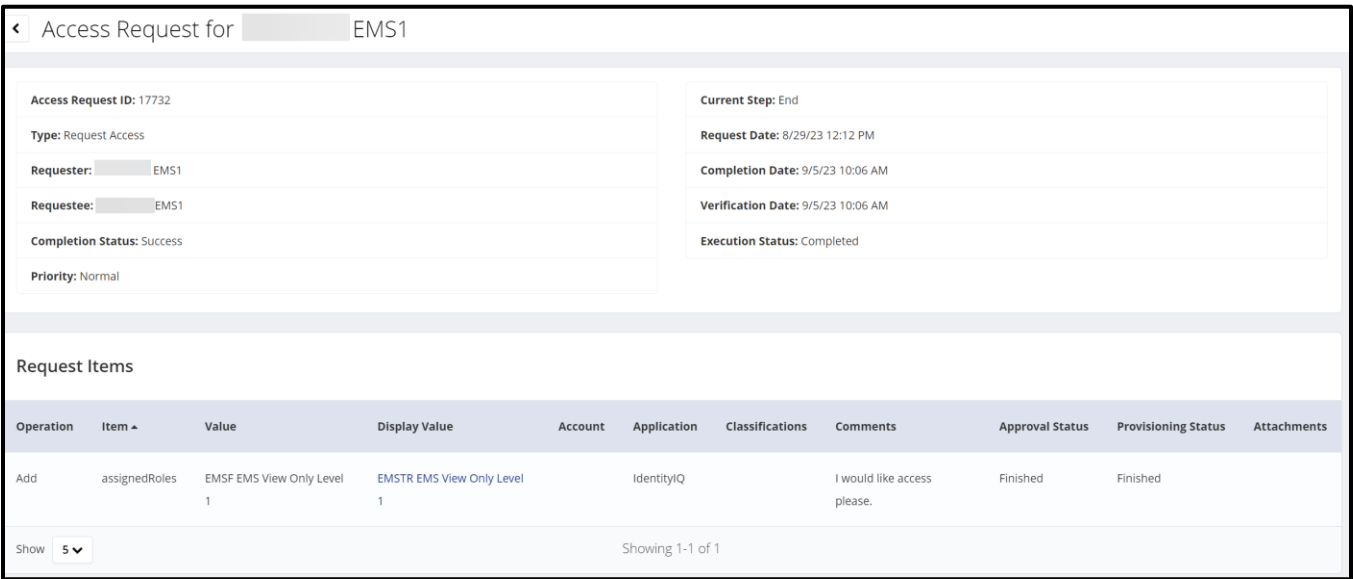

View your access requests and details.

To view additional details, select the “Details” button.

Once you select the **Details** button, the HHS system will take you to the **Access Request Details** page.

Step 6: Accessing EMSTR

- The system will redirect you to the IAMOnline **My Apps** dashboard.
- Select the “**EMSTR Online**” tile to access the application.

Contact Information

If you have specific EMSTR questions, submit them via email to injury.web@dshs.texas.gov.

For IAMOnline questions, visit the Texas Department of State Health Services (DSHS) IAMOnline website [here](#).

General Informational Page

General Information

The Emergency Medical Services and Trauma Registries (EMSTR) is made up of four registries – the EMS Registry; the acute Traumatic Injury Registry; the Traumatic Brain Injury Registry / Spinal Cord Injury Registry; and the Submersion Registry. EMSTR is a statewide passive surveillance system that collects reportable event data from EMS providers, hospitals, justices of the peace, medical examiners, and rehabilitation facilities. Texas is home to one of the largest EMS registries in the U.S. with more than 4 million records submitted annually.

Our Goals

- To ensure a robust registry reporting framework for recording reportable traumas, submersions, traumatic brain injuries, spinal cord injuries, and EMS runs in Texas.
- To reduce the burden of injury to the public resulting from preventable occurrences using trend analysis.
- To provide data as close to real-time as possible for local, state, and national leadership use.

Our Mission

To improve the Texans' health, safety, and well-being through good stewardship of public resources with a focus on core public health functions.
