Texas Maternal Mortality and Morbidity Review Committee Application for Advisory Committee Membership

The Texas Maternal Mortality and Morbidity Review Committee (MMMRC) is currently accepting applications for two appointments. The MMMRC makes recommendations to help reduce the incidence of pregnancy-related deaths and complications in Texas by studying and reviewing:

- Cases of pregnancy-related deaths;
- Trends, rates, or disparities in pregnancy-related deaths and severe maternal morbidity;
- Health conditions and factors that disproportionately affect the most at-risk populations; and
- Best practices and programs operating in other states that have lower rates of pregnancy-related deaths compared with Texas.

Member Participation

Every member appointed to the MMMRC must attend regularly scheduled quarterly meetings in Austin or virtually and must participate in subcommittee and case review team activities as scheduled.

- Regular committee meetings are held once every three months or at the call of the Department of State Health Services (DSHS) Commissioner.
 Members must travel to Austin for these meetings or attend virtually, unless otherwise specified. Each meeting may last one to two days.
- Case review team meetings occur up to twice monthly. Each meeting lasts approximately two hours and requires independent preparation in advance.
- Members serving on subcommittees will be required to attend additional meetings as appropriate.
- If a member misses three consecutive meetings within a one-year period with or without notice the member may be removed from the committee.

If you would like to be a member of the MMMRC, please fill out this application.

If a question does not apply to you enter, "N/A."

DSHS will use the following information to decide if you are eligible to serve on this committee:
