

**Prescription Drug Donation Program Participating Provider Database**

The Prescription Drug Donation Program allows for certain prescription drugs that would normally be discarded to be donated to participating providers. Individuals who would normally be unable to get these medications may receive them from participating providers for little to no cost. The Department of State Health Services' Pharmacy Branch is the administrator for the program and **does not accept nor dispense donated prescription drugs at its warehouse.**

The Participating Provider Database will be updated on a weekly basis. If you have questions regarding the database or program in general, please contact DSHS staff at 512-776-2741 or email [rxdrugdonation@dshs.texas.gov](mailto:rxdrugdonation@dshs.texas.gov).

| Participating Provider Name   | Address  | Pharmacist Name (If Applicable) | Primary Contact for Program Communications | Primary Contact Phone Number | Primary Contact Email Address          |
