Any effort to determine the identity of any person or to use the information for any purpose other than for analysis and aggregate statistical reporting violates the THSC and this data use agreement. All researchers must submit the Certificate of Human Subject Protection Training (REQUIRED) with this form or with renewals. By virtue of this agreement, the undersigned agrees that the data will not be used to identify an individual patient or physician. Section 108.006(h) of the THSC allows the DSHS to release hospital discharge data not included in the Public Use Data File. In this data use agreement, the purchaser and end-user of the data are referred to as the "licensee". The licensee gives the following assurances with respect to the use of Texas Hospital Discharge Data sets:

- The licensee will neither release nor permit others to release any information that identifies persons, directly or indirectly;
- The licensee will not release or permit others to release the individual patient records or any part of them to any person who is not a staff member of the organization (specified below), except with the written approval of DSHS;
- The licensee will not attempt to link or permit others to attempt to link the hospital stay records of patients in this data set with personally identifiable records from any other source, including from the THCIC PUDF;
- The licensee will not attempt to use or permit others to use the data to learn the identity of any physician;
- The licensee will use the Research Data File only for the purpose for which the data were requested. At the conclusion of the research the licensee agrees to destroy all copies of the Research Data File and submit a letter of attestation to DSHS staff.

- The licensee will not nor permit others to copy, sell, rent, license, lease, loan, or otherwise grant access to the data covered by this Agreement to any other person or entity, unless approved in writing by DSHS;
- The licensee will use the following citation in any publication of information from this file:

*Texas Hospital Inpatient Discharge Data Research File*, [year of data].  
Austin, Texas: Department of State Health Services, Austin, Texas.  
[date of publication];

- The licensee will indemnify, defend, and hold DSHS, its employees, and its contract vendors harmless from any and all claims and losses accruing to any person as a result of violation of this agreement; and,
- The licensee will make no statement nor permit others to make statements indicating or suggesting that interpretations drawn from these data are those of DSHS.

The licensee understands that these assurances are collected by DSHS to assure compliance with its statutory confidentiality requirement. The signature on behalf of the licensee indicates the licensee's agreement to comply with the above-stated requirements with the knowledge that under Sections 108.014 and 108.0141 of the Texas Health and Safety Code to knowingly or negligently release data in violation of this agreement may result in a civil penalty of up to \$10,000 for each act of violation and an offense is a state jail felony.
