## Neighborhood Access to Physical Activity

Table 1. Number and percentage of adults, 18 years and older, that report having access to a sidewalks, shoulder of the road, trail, or park within their neighborhood where it is safe to walk, run, or bike, by demographic characteristics, Texas, 2015.

| Demographic Characteristics | Access |  |  |  | No Access |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | Estimated No. of Adults | \% | 95\% CI |  | Estimated No. of Adults | \% | 95\% CI |  |
|  |  |  | Lower <br> Limit | Upper <br> Limit |  |  | Lower <br> Limit | Upper <br> Limit |
| Total Population | 12,174,971 | 77.1 | 75.3 | 79.0 | 3,607,133 | 22.9 | 21.0 | 24.7 |
| Sex |  |  |  |  |  |  |  |  |
| Male | 5,859,299 | 78.1 | 75.3 | 81.0 | 1,639,758 | 21.9 | 19.0 | 24.7 |
| Female | 6,315,673 | 76.2 | 73.8 | 78.7 | 1,967,375 | 23.8 | 21.3 | 26.2 |
| Age Group (years) |  |  |  |  |  |  |  |  |
| 18 to 29 | 2,665,216 | 80.0 | 74.8 | 85.2 | 667,271 | 20.0 | 14.8 | 25.2 |

## Technical Notes

Percentages for each measure were based on the number of respondents with a specific response(s) among the total number of respondents for the given survey question(s), excluding people with missing information or who refused or did not know the answer to the survey question(s). The following questions were used:
(1) Neighborhood Access to Physical Activity: Responses to the survey question, "In your neighborhood, do you have access to any sidewalks, shoulders of the road, trails, or parks where you can safely walk, run, or bike?" of "Yes" are included as "Access", and "No" are included as "No Access".
(2) Bicycle for Transportation: Responses to the survey question, "On how many days, during the past seven days, did you ride a bicycle for transportation, like to go to or from work, to run errands, or to go somewhere else that you wanted or needed to go?" of "None" and "Can't ride bicycle - is disabled" are included in "Did Not Ride a Bicycle for Transportation", and "One day", "Two days", "Three days", "Four days", "Five days", "Six days" and "Seven days" are included in "Rode a Bicycle for Transportation".
(3) Walking for Transportation: Responses to the survey question, "On how many days, during the past seven days, did you walk for transportation, like to go to or from work, to run errands, or to go somewhere else that you wanted or needed to go?" of "None" and "Can't walk - is disabled" are included in "None"; "One day" and "Two days" as "One or Two days"; "Three days" and "Four days" as "Three or Four days"; and "Five days", "Six days" and "Seven days" as "Five or More days."
(4) Any Health Care Coverage: "Yes" and "No" responses to the survey question, "Do you have any kind of health care coverage, including health insurance, prepaid plans such as HMOs, or government plans such as Medicare, or Indian Health Service?";

Estimates were excluded (--) if they were considered unreliable due to small sample size.

Estimates were generated from one-way and two-way cross tabulations that used weighted data and accounted for the stratified survey design; therefore, the estimates calculated from survey data represent prevalence in the population.

Estimates were produced by the Office of Surveillance, Evaluation, and Research, Health Promotion and Chronic Disease Prevention Section, Division for Disease Control and Prevention Services, Texas Department of State Health Services; September, 2016.

## Meeting Aerobic and/or Strengthening Physical Activity Recommended Guidelines

Table 1. Number and percentage of adults, 18 years and older, that met the aerobic and/or strengthening physical activity recommendations, by demographic characteristics, Texas, 2015.

## Technical Notes

Percentages for each measure were based on the number of respondents with a specific response(s) among the total number of respondents for the given survey question(s), excluding people with missing information or who refused or did not know the answer to the survey question(s). The following questions were used:
(1) Aerobic and Strengthening Physical Activity Recommendations: Respondents are classified as "Met Aerobic Guideline Only" if at least 150 minutes per week of moderate-intensity aerobic activity, or at least 75 minutes per week of vigorous-intensity aerobic activity, or equivalent combination of moderate- and vigorous-intensity aerobic activity totaling at least 150 minutes per week is reported. Respondents are classified as "Met Strengthening Guideline Only" if participation in musclestrengthening activities at least 2 times per week is reported. Respondents are classified as "Met Both Guidelines" if both the previous aerobic and muscle-strengthening guidelines are met. Respondents are classified as "Did Not Meet Either Guideline" if neither of the previous aerobic and strengthening guidelines are met.
(2) Any Health Care Coverage: "Yes" and "No" responses to the survey question, "Do you have any kind of health care coverage, including health insurance, prepaid plans such as HMOs, or government plans such as Medicare, or Indian Health Service?";
(3) Neighborhood Access to Physical Activity: Responses to the survey question, "In your neighborhood, do you have access to any sidewalks, shoulders of the road, trails, or parks where you can safely walk, run, or bike?" of "Yes" are included as "Access", and "No" are included as "No Access";
(4) Leisure Time Physical Activity: "Yes" and "No" responses to the survey question, "During the past month, other than your regular job, did you participate in any physical activities or exercises such as running, calisthenics, golf, gardening, or walking for exercises?";
(5) Bicycle for Transportation: Responses to the survey question, "On how many days, during the past seven days, did you ride a bicycle for transportation, like to go to or from work, to run errands, or to go somewhere else that you wanted or needed to go?" of "None" and "Can't ride bicycle - is disabled" are included in "Did Not Ride a Bicycle for Transportation", and "One day", "Two days", "Three days", "Four days", "Five days", "Six days" and "Seven days" are included in "Rode a Bicycle for Transportation".
(6) Walking for Transportation: Responses to the survey question, "On how many days, during the past seven days, did you walk for transportation, like to go to or from work, to run errands, or to go somewhere else that you wanted or needed to go?" of "None" and "Can't walk - is disabled" are included in "None"; "One day" and "Two days" as "One or Two Days"; "Three days" and "Four days" as "Three or Four Days"; and "Five days", "Six days" and "Seven days" as "Five or More Days."
(7) Consumption of Fruits and Vegetables 5 or More Times Per Day: Variable calculated from responses to a series of six questions on the number of times per day, week, or month a respondent consumed specific types of fruits and vegetables in the past month;
(8) Obesity: A Body mass index (BMI) of 30 or more calculated from the survey questions, "About how much do you weigh without shoes on?" and "About how tall are you without shoes on?";
(9) Diabetes: "Yes" and "No" responses to the survey question, "Has a doctor, nurse, or other health professional ever told you that you have diabetes?" [Excluding female responses of, "Yes, but told only during pregnancy."];
(10)Cardiovascular Disease: "Yes" responses to any of the following survey questions, "Has a doctor, nurse, or other health professional ever told you that you had a heart attack, also called a myocardial infarction?", "Has a doctor, nurse, or other health professional ever told you that you had angina or coronary heart disease?", "Has a doctor, nurse, or other health professional ever told you that you had a stroke?";
(11)Heart Disease: "Yes" and "No" responses to either of the following survey questions, "Has a doctor, nurse, or other health professional ever told you that you had a heart attack, also called a myocardial infarction?", or "Has a doctor, nurse, or other health professional ever told you that you had angina or coronary heart disease?";
(12) Stroke: "Yes" and "No" responses to the survey question, "Has a doctor, nurse, or other health professional ever told you that you had a stroke?";
(13)High Blood Pressure: "Yes" and "No" responses to the survey question, "Have you ever been told by a doctor, nurse, or other health professional that you have high blood pressure?" ["No" includes respondents who responded "told borderline high or pre-hypertensive" and female respondents who responded, "Yes, but told only during pregnancy"];
(14)Cancer: "Yes" responses to either of the following survey questions, "Has a doctor, nurse, or other health professional ever told you that you had skin cancer?", "Has a doctor, nurse, or other health professional ever told you that you had any other types of cancer?".
(15)Asthma: "Yes" responses to both of the following questions, or "Yes" responses to the first and "No" responses to the second question (indicating no current asthma), or "No" responses to the first question (indicating no current asthma), "Has a doctor, nurse, or other health professional ever told you that you had asthma?" and "Do you still have asthma?";
(16)Chronic Obstructive Pulmonary Disease (COPD): "Yes" and "No" responses to the survey question, "Has a doctor, nurse, or other health professional ever told you that you have COPD chronic obstructive pulmonary disease, emphysema, or chronic bronchitis?";
(17)Kidney Disease: "Yes" and "No" responses to the survey question, "Has a doctor, nurse, or other health professional ever told you that you have kidney disease?";
(18)Arthritis: "Yes" and "No" responses to the survey question, "Has a doctor, nurse, or other health professional ever told you that you have some form of arthritis, rheumatoid arthritis, gout, lupus, or fibromyalgia?";
(19)Depression: "Yes" and "No" responses to the survey question, "Has a doctor, nurse, or other health professional ever told you that you have a depressive disorder including depression, major depression, dysthymia, or minor depression?";
(20) Disability: "Yes" responses to any of the following five questions or "No" responses to all of the following five questions, "Are you blind or do you have serious difficulty seeing, even when wearing glasses?", "Because of a physical, mental, or emotional condition, do you have serious difficulty concentrating, remembering, or making decisions?", "Do you have serious difficulty walking or
climbing stairs?", "Do you have difficulty dressing or bathing?", or "Because of a physical, mental, or emotional condition, do you have difficulty doing errands alone, such as visiting a doctor's office or shopping?";
(21)Smoking Status: "Yes" responses for "Current" and "Former" smokers and "No" responses for "Never" smokers to the survey question, "Have you smoked at least 100 cigarettes in your entire life?" and responses of "Everyday" or "Some days" for "Current" smoker and responses of "Not at all" for "Former" smokers to the question, "Do you now smoke cigarettes every day, some days, or not at all?";
(22)Binge Drinking: Responses of "1 or more" to the survey question, "Considering all types of alcoholic beverages, how many times during the past 30 days did you have ( 5 or more drinks for men, 4 or more drinks for women) on an occasion?";
(23)Heavy Drinking: Responses of " $>2$ drinks per day" for men and " $>1$ drink per day" for women to the survey question, "During the past 30 days, what is the largest number of drinks you had on any occasion?";

Estimates were excluded (--) if they were considered unreliable due to small sample size.

Estimates were generated from one-way and two-way cross tabulations that used weighted data and accounted for the stratified survey design; therefore, the estimates calculated from survey data represent prevalence in the population.

Estimates were produced by the Office of Surveillance, Evaluation, and Research, Health Promotion and Chronic Disease Prevention Section, Division for Disease Control and Prevention Services, Texas Department of State Health Services; September, 2016.
