Order Maintaining butyryl fentanyl and U-47700 in Schedule I; Placing furanyl fentanyl, 4-fluorosobutyl fentanyl, acetyl fentanyl, tetrahydrofuranyl fentanyl, and octenotanil into Schedule I; and placing MAB-CHMINACA into Schedule I

The Administrator of the Drug Enforcement Administration issued a final order to permanently maintain the substances butyryl fentanyl (N(1-phenethyl)piperidin-4-yl)-N-phenylbutanamide) and U-47700 (3,4,dichloro-N-[2-(dimethylamino)cyclohexyl]-N-methylbenzamide), including their isomers, esters, ethers, salts, and salts of isomers, esters and ethers, into schedule I of the Controlled Substances Act, effective April 20, 2018. This final order was published in the Federal Register, Volume 83, Number 77, pages 17486-17488.

This scheduling action was taken pursuant to the following:
1. The 61st session of the Commission on Narcotic drugs, added butyryl fentanyl and U-47700 to schedule I of the Single Convention on Narcotic Drugs (1961);
2. The United States is obligated to similarly control butyryl fentanyl and U-47700 to schedule I as required by the Single Convention on Narcotic Drugs (1961); and
3. Butyryl fentanyl and U-47700 have no currently accepted medical use in treatment in the United States.

The Acting Administrator of the Drug Enforcement Administration issued a final order to permanently maintain the placement of the substances furanyl fentanyl [N-(1-phenethyl)piperidin-4-yl)-N-phenylfuranyl-2-carboxamide]; 4-fluorosobutyl fentanyl [N-(4-fluorophenyl)-N-(1-phenethyl)piperidin-4-yl)obutamide] (Other name: para-fluorosobutyl fentanyl); acetyl fentanyl [N-(1-phenethyl)piperidin-4-yl)-N-phenylacrylamide] (Other name: acetyl fentanyl); tetrahydrofuranyl fentanyl [N-(1-phenethyl)piperidin-4-yl)-N-phenyltetrahydrofuranyl-2-carboxamide], and octenotanil [N-(2-fluorophenyl)-2-methoxy-N-[1-phenethyl]piperidin-4-yl] acetamide], including their isomers, esters, ethers, salts, and salts of isomers, esters and ethers, in schedule I of the Controlled Substances Act effective November 29, 2018. This final order was published in the Federal Register, Volume 83, Number 230, pages 61320-61323.

This scheduling action was taken pursuant to the following:
1. The 61st session of the Commission on Narcotic drugs, added furanyl fentanyl, 4-fluorosobutyl fentanyl, acetyl fentanyl, tetrahydrofuranyl fentanyl, and octenotanil to schedule I of the Single Convention on Narcotic Drugs (1961);
2. The United States is obligated to similarly control furanyl fentanyl, 4-fluorosobutyl fentanyl, acetyl fentanyl, tetrahydrofuranyl fentanyl, and octenotanil to schedule I as required by the Single Convention on Narcotic Drugs (1961); and
3. Furanyl fentanyl, 4-fluorosobutyl fentanyl, acetyl fentanyl, tetrahydrofuranyl fentanyl, and octenotanil have no currently accepted medical use in treatment in the United States.

The Drug Enforcement Administration issued a final rule placing N-[1-amino-3,3-dimethyl-1-oxobutan-2-yl]-1-(cyclohexylmethyl)-1H-indazole-3-carboxamide (Other names: MAB-CHMINACA; ADB-CHMINACA), including its salts, isomers, and salts of isomers whenever the existence of such salts, isomers, and salts of isomers is possible, in schedule I of the Controlled Substances Act effective January 29, 2019. This final rule was published in the Federal Register, Volume 84, Number 19, pages 444-448.

This scheduling action was taken pursuant to the following:
1. MAB-CHMINACA has a high potential for abuse that is comparable to other schedule I substances such as delta-9-tetrahydrocannabinol and JWH-018;
2. MAB-CHMINACA has no currently accepted medical use in treatment in the United States; and
3. There is a lack of accepted safety for use of MAB-CHMINACA under medical supervision.

Pursuant to Section 481.034(g), as amended by the 75th legislature, of the Texas Controlled Substances Act, Health and Safety Code, Chapter 481, at least thirty-one days have expired since notice of the above referenced actions were published in the Federal Register. In the capacity as Commissioner of the Texas Department of State Health Services, John Hellerstedt, M.D., does hereby order that the substances furanyl fentanyl, 4-fluorosobutyl fentanyl, acetyl fentanyl, tetrahydrofuranyl fentanyl, octenotanil, butyryl, U-47700, and MAB-CHMINACA be permanently placed into schedule I.

These amendments shall be reflected in the 2019 annual republication of the schedules of controlled substances.
