 - State Registrar

*The Disinterment Permit is to be kept as a part of the original record by the Local Registrar & State Registrar's Offices.

Delayed Death Certificates

TEXAS
Health and Human
Services

Texas Department of State
Health Services

Delayed Death Certificates

- What is the timeframe for a delayed death certificate?
- TxEVER is not used for delayed record registration.

To file a record of a death that occurred in this state but was not registered within **one year of the date of death**, a person shall submit a record of the death to the **county probate court in the county in which the death occurred.** HSC 193.007 (b)

Delayed Death Certificates

- VSS provides the form for filing the Court-Ordered Delayed Certificate of Death (VS-128)
- The certificate must be supported by affidavit A signed by the Physician, Funeral Director or any person who was acquainted with the facts surrounding the death when the death occurred
- Affidavit B must also be signed when:
- Affidavit A is signed by someone other than last physician in attendance or the funeral director in charge of disposition. In these cases, Affidavit B is signed by a person acquainted with the death facts, but not related to the deceased by blood or marriage.

Delayed Death Certificates

- The certificate must be presented in duplicate to the county probate court of the Texas County in which the death occurred.
- Once completed & signed by the Judge, one original is forwarded to VSS & the other original is filed by the county clerk.
- The local registrar should support the probate court as much as possible when allowed.

CDC Cooperative Agreement

Learning Objectives

- Ability to state why cause of death is important for public health
- Ability to understand how to accurately complete the cause of death
- Ability to determine whether a cause of death is directly or indirectly related to a disaster

CDC Cooperative Agreement

Importance of Death Certificates

Gold standard for disaster mortality reporting

- Disaster type and name must be listed somewhere on death certificate
- Death certificate disaster COD information is directly and only from medical certifier, not anecdotal accounts from the media
- Consistent accurate reporting of disaster on death certificate help determine:
 - Most frequent causes of death in disaster
 - Disaster-related death toll

CDC Cooperative Agreement

Cause of Death: Part 1

- Part 1(a) should have **immediate cause of death**: This is the specific condition that happened right before patient's death
- In Part 1, work backwards from Part 1(a) to complete the **sequence of events** leading to death
- Record the **underlying cause of death** on the lowest line used

CDC Cooperative Agreement

- 42/46 in-person trainings completed (before COVID quarantine)
- Provide weekly webinar trainings; 77 total
- 746 Justice of the Peace and Medical Examiner offices trained
- 942 individuals trained; JP/ME/other staff and interested individuals, ex: Red Cross employees, Texas Emergency Management officials, local government employees

Thank you!
