### New Influenza Scorecard

Beginning in October, a monthly influenza scorecard that reports current flu vaccine coverage rates and utilization rates will be distributed to every TVFC-enrolled facility by the Texas Department of State Health Services (DSHS) Immunization Unit.

### 2018-2019 Influenza Vaccine Allocation Start Date

The **2018-2019** Influenza Vaccine Allocation for the Texas Vaccines for Children (TVFC) Program will begin in September.

## 2017 NIS Shows Increased HPV Vaccination Coverage in Texas

Congratulations to all TVFC providers for contributing to Texas realizing an overall 8.5% increase in HPV vaccination initiation and a 6.8% increase in series completion.

---

## TVFC Memo on Storage Units

The Texas Department of State Health Services Immunization Unit approves the use of auto-dispensing and other purpose-built vaccine storage units for storage of TVFC/ASN vaccines if they meet the specific storage and handling requirements outlined in this memo.

---

## Additional Resources

### New Vaccine Information Statements

Vaccine Information Statements for the Meningococcal ACWY Vaccine and DTaP Vaccine were updated on August 24, 2018. Stocks of the previous editions may still be used until exhausted.
