

Memorandum

#15- 048

TO: WIC Regional Directors
WIC Local Agency Directors

FROM: Amanda Hovis, Director
Nutrition Education/Clinic Services Unit
Nutrition Services Section

DATE: April 14, 2015

SUBJECT: Breastfeeding Tele-Consult Session at the Nutrition and Breastfeeding Conference

Do you need more International Board Certified Lactation Consultants (IBCLCs) at your WIC agency? Would you like to be able to access an IBCLC by computer? Then be sure to register for the *Digital solutions for Millennial Mothers* pre-conference session at the Texas WIC Nutrition and Breastfeeding Conference. Alisa Sanders, RN, IBCLC, manager of The Lactation Foundation in Houston, will demonstrate how to do a tele-consult using Go-to-Meeting software and a web cam. This technology allows a lactation consult to take place between a client in any clinic in the state and a RN, IBCLC at The Lactation Foundation.

For more information on the pre-conference session and to register, visit www.wicconference.com.

If you have questions about what equipment you would need to tele-consult with staff at The Lactation Foundation, contact Alisa at alisa.sanders@uth.tmc.edu or 713-839-0527 or Linda Zeccola at Linda.zeccola@dshs.state.tx.us or 512-341-4591.
