

## Memorandum

---

---

#15- 082

**TO:** WIC Regional Directors  
WIC Local Agency Directors

**FROM:** Amanda Hovis, Director  
Nutrition Education/Clinic Services Unit  
Nutrition Services Section

**DATE:** July 15, 2015

**SUBJECT:** Breast Pump Survey administration in August, 2015

---

---

Breast pump surveys (Survey of Postpartum Women) will be mailed to all local agency WIC Directors the week of July 20, 2015. During the month of August, you will need to ensure all the surveys you are mailed are filled out by WIC clients from your LA.

The purpose of the Survey of Postpartum Women is to assess the progress health care plans have made with regards to breast pump issuance.

- Distribute the surveys to each clinic by end of July. The surveys will come grouped in clinic packets. Most LAs will receive multiple packets with the clinic assignment noted on the front of each packet. Clinics with very small numbers of participants will not receive packets of the survey.
- Save the packaging and return label to return surveys in early September.
- Administer the survey to all breastfeeding and postpartum moms beginning August 3, 2015 and ending August 31, 2015.
- Pack the completed surveys in the original box or envelope the forms were shipped in and use the return shipping to mail the surveys to Scantron via UPS by **September 7, 2015**.
- If the label was lost, please ship to:

Scantron  
Attn: Processing Services  
3975 Continental Drive  
Columbia PA 17512

Participants can complete the survey during the certification process or in lieu of class. NE code FT-000-01 can be used to count as NE credit for those completing the survey.

If you have questions or require additional information, please contact Leticia DeLaRosa at (512) 341-4567 or [Leticia.delarosa@dshs.state.tx.us](mailto:Leticia.delarosa@dshs.state.tx.us)
